

OVERVIEW

- » The Stable Value Fund seeks to preserve both invested principal and earned interest, to earn a stable fixed income yield and to provide liquidity for member-directed disbursements.
- » The Fund invests in a diversified portfolio of fixed-income instruments. The Fund is suitable for investors who are risk-averse and who want to safeguard the principal value of their accumulated savings while earning an attractive rate of interest. Over long periods of time, the return to investors in this Fund will most likely fall short of the return to investors in the other Funds.

FUND MANAGER

MELLON

Global multi-specialist investment manager that the PB hired as a sub-advisor to manage the assets in the Fund. The Fund invests in a diversified portfolio of fixed-income instruments that may include guaranteed investment contracts issued by insurance companies, bank investment contracts, U.S. Treasuries and its agencies, asset-backed and mortgage backed securities, corporate bonds, and cash and cash equivalents such as Treasury Bills and commercial paper. Investment maturities are short to intermediate term (10 years or less).
